

the Hebron High School Color Guard

What exactly IS color guard?

If you've been a Hebron HS football game, you've most likely seen the color guard in action with the Hebron High School Marching Band.

We are the combination of dance, flags, rifles, sabers, and theatrical performance that truly brings stunning visual **LIFE** to the marching band show.

We travel with the marching band in the fall performing during halftime of all Hebron HS football games AND statewide competitions.

In the spring, we perform and compete in gymnasiums around the state as our own entity – the Hebron HS **WINTERGUARD**.

In the past, the Hebron Color Guard has taken trips to San Antonio, Houston, and in 2003 flew to Dayton, Ohio to participate in the Winterguard International **WORLD CHAMPIONSHIPS**, competing against guards from 30 states and 5 countries.

We'll help you develop the self-confidence to accomplish **ANYTHING!**

What we've done...

The Hebron Color Guard is one of the most recognized and respected color guard programs in the State of Texas AND the country.

What you do...

...to be a part of the Color Guard. You **DO NOT** need to have ANY previous skill or training; however, any dance experience would be an obvious advantage.

We will teach you **EVERYTHING** you need to

know during the audition camps in May. At these audition camps, we will determine the membership roster for the color guard AND select captains and other leaders.

Did you know?

The Hebron Band and Color Guard is one of the most academically successful extra-curricular activities on campus.

- 6 National Merit Finalists
- 100% of band seniors attend college
- Valedictorian AND Salutatorian of 2005 were in band.
- Multiple members of the top 10 in each graduating class EVERY YEAR since Hebron opened.

What we have to say about it...

"The announcer had offered this amazing opportunity to thirteen bands, and only one remained. A wave of tension swarmed across the minds of the uncalled participants. We clenched the arms of the people around us, as if we all had one, loud, rushing heartbeat. We squeezed our eyes shut, knowing that the next time they were opened, tears of either joy or despair would emerge.

It felt as if the procrastination would never end, and with each moment, the excitement grew. Finally, after what seemed like hours, he declared, "The last band in the finals of the San Antonio Bands of America Super Regional Contest is...

"THE HEBRON HIGH SCHOOL MARCHING BAND FROM CARROLLTON, TEXAS!"

Suddenly we all jumped out of our seats. The next fifteen minutes or so were full of screaming and laughing and smiling and crying and hugging and every form of pure elation.

Was it worth it?
YES!"
